Greetings from Your Directors

Fred & Linda Fisher
Senior Directors

THANK YOU, THANK YOU, THANK YOU!

We had our 2015 fundraiser last Saturday, and it was a huge success. I'll have more on this later in the newsletter.

We did have several other things going on also. In my last article I mentioned that we had several chapter mascots in our possession. I challenged these chapters to come to our March 2nd meeting to reclaim their mascots, or I would sell them at our fundraiser auction. Well, we did have one chapter come claim their mascot. Chapter E had a large turnout at our meeting to reclaim their mascot, which we have affectionately corrected the spelling of his name to "L-wood the L-ephant"

To be sure they would all come out for our fundraiser, I put out an email request for a good turnout of Chapter L people for the Chapter E March 13th gathering. We had 17 people show up for the "E" meeting to easily reclaim their mascot.

March 21st took us to Cheyenne, Wyoming, for the annual birthday party of the "Northern Most Colorado Chapter," Wyoming-B. They had 111 people in attendance for the breakfast. Sixty-nine of those were from Colorado; 21 of which were from Chapter L. Another example of the great support Chapter L shows for all GWRRA events.

We also had some First Aid/ CPR training at Johnson's Corner following the Chapter G meeting on March 15th, and a dinner ride hosted by Bob King on March 18th. Tami Bender won the right to draw for the chip bag money, but failed to pull the red chip from the bag. Next drawing will be for over \$65.

As a reminder, here are some dates to keep on your calendar: May 22-24, Region F Convention; August 13-15, Colorado District Convention; and September 3-6, Wing Ding.

If you are planning to attend the Wing Ding in Huntsville, please contact me. There will be a discounted registration fee for us as International Chapter of the Year, but you will have to go through a special process to get the discount. Drop me a note and I'll pass on the procedure.

Before our next gathering, we have a factory tour at Hammond's Candy scheduled for April 4th. David and Gay Redline are the tour hosts. If you have not signed up for the event and would still like to go, please contact the Redline's directly.

With that, I'll close for this month. Looking forward to seeing you at the April 6th gathering, if not before.

Until Then, Ride Safe..... Always!

Busy Times!

Bob King

Assistant Director

Since our last gathering the weather has turned a lot nicer, the grass is starting to turn green and the trees are starting to bud. Even the clocks moved forward in the last month, I don't know about you but this time change is taking longer to adjust to.

This March has been a busy month. Seventeen members went to Chapter E's gathering to get their mascot for our Fundraiser. Fred sent out a message for assistance and we arrived in force, with our badges, patches, and little dangly things. Chapter E had no choice but to surrender the "L-roy the Elephant." I think he was pleased that so many had arrived for the abduction.

Two days later fourteen members went to Chapter G's gathering, most of us were there to do a CPR/First Aid class for our update. I am pleased to see our Chapter members doing all they can to maintain their levels program. I think that all the members were Level 4. I also think the majority of Chapter L is Level 4; we are close to having almost everyone achieve that goal.

I had my dinner ride March 18th and I had 16 people come to Red Robin. The restaurant was busy so they had us packed in like sardines, but the food was good and service was really fast. Ron Evers and I were the only ones with elbow room since the restaurant staff didn't put out enough chairs, they put us at a table for two.

Tami Bender had the opportunity to draw the winning chip for the dinner ride; everyone was really pulling hard for her to draw a white chip. She didn't let us down and she snatched that white chip right out of the bag! Everyone congratulated her on her ability to get that white chip out of the bag so someone else can have a chance at the money.

We had our fundraiser on March 28th and it was a big success. We had 72 people sign up. Fred and Linda Fisher put a lot of time into this event and this was our biggest fundraiser that we ever had. There was lots of food, more than we could ever eat. I would like to put out a special thank you to the members that did the cooking, Ron Evers, Laura Hudson, Linda Fisher and Fred Fisher. I am sure I missed some members who also worked at home to make this event work. Thank you Chapter L Members for the help in set-up and breakdown.

I would really like to thank the other Chapters for coming to our event and helping us. We couldn't survive without your support.

Mature Riders—How to Compensate

Andrew C. Smith
Rider Educator

We all recognize that as we each get older, the things we did in our youth have grown more difficult. This month's article is taken partially from the GWRRA Mature Riders seminar, and will provide some things that we all can consider as we ride out there in an unforgiving environment.

These items are certainly not a comprehensive list, and many of you may have a couple of tricks or things you do to compensate for something that has become more difficult as you become a 'mature rider'.

10 Ways to Compensate for Our Maturity

Consult your physician before modifying your exercise or treatment program - As with any medical advice from non-medical persons; consult your physician or healthcare professional before taking on any physical exercise program or modifying your prescription treatment program.

- 1) Age related physical changes do not have to be a hindrance to your riding experience. Regular medical and vision checkups can help prevent medical problems that may occur if the symptoms are not noticed or are ignored.
- 2) Keeping an appropriate distance from the vehicle ahead is one of the many ways to compensate for age-related physical and vision changes.
- 3) Avoid riding in stressful traffic situations such as heavy rush hour traffic.
- 4) Riding while emotionally upset, or not feeling well could be a distraction.
- 5) Riding in unfamiliar areas can add significantly to your stress level.
- 6) Take your medication as prescribed and never intentionally skip doses. Consult with your healthcare provider in advance about what to do if you miss a dose of your medication.
- 7) The middle of a long road trip is no place to realize that you returned to riding too soon after surgery. If you have any kind of surgical procedure, make your decision as to when you will return to riding in consultation with your healthcare provider.
- 8) The normal daily body aches, pains, joint stiffness, and muscle soreness of the mature rider can be aggravated by prolonged hours of riding. Break up your rides into manageable lengths. No one knows your body's limits better than you.
- 9) Riding with an experienced co-rider not only adds to your riding enjoyment but more importantly adds a level of safety and helps the mature rider navigate unfamiliar roads and compensate for slower reaction times and changes in vision and hearing.
- 10) Riding with a small group or with a riding buddy is another way to compensate for our maturity.

**Physical Changes**

- 1) Our bodies began changing at conception and will continue to do so until we stop riding and beyond.
- 2) We cannot turn back the hands of time and most of us really would not want to as long as we can keep on riding safely.
- 3) We are now going to highlight some ways we can do something almost as good as turning back the hands of time. We can learn to compensate for nearly any physical change and continue to ride safely tomorrow.
- 4) The first step in the process of compensation is to identify those physical changes that left unchecked could potentially endanger us, our co-rider or others.

Mature Riders (cont'd)

5) In “Motorcycling for the Mature Rider” we will learn ways to compensate for changes in vision, hearing, and mobility.

Compensating for Vision Changes

The decline in vision is so gradual that most of us are unaware that we may be riding while visually impaired.

1) Recovery from the glare of headlights from oncoming traffic slows when riding at night.

2) Our ability to focus on objects close up decreases and we soon begin to wish we had longer arms.

3) Our ability to focus between near and far decreases and we begin to have difficulty determining the approach speed of oncoming traffic when we try to merge into traffic.

4) Pupil reaction time increases and sudden exposure to sunlight or darkness will need a longer wait time for our eyes to become adjusted to the change.

5) The eye lens thickens and our ability to focus lessens. Additionally, the lens becomes discolored, our vision blurs, colors no longer appear true, and the amount of light reaching the back of the eye decreases.

6) Our peripheral vision, the ability to see objects or movement in our side vision diminishes with age. As a result, the ability to judge the speed and distance of oncoming traffic is affected as we age. We may find that we are startled by cars coming alongside seemingly from “nowhere” or changing lanes only to find that we pulled in front of someone beside us.

7) Depth Perception diminishes with age and its loss makes it difficult to judge the speed and distance of oncoming traffic as we merge into busy highway or city traffic.

**“Night Rider” Safety Tips**

There are many ways to compensate for decreasing night vision:

1) We should avoid riding at night when at all possible. Nevertheless, there may be times when we are enjoying the freedom of night riding. There are advantages: less traffic, distractions, and lower summer temperatures.

2) Do not let dusk catch you with your tinted goggles or face shield still in place. Once the street lights come on you should have already removed your tinted goggles, sunglasses, or tinted face shield.

3) Increase the illumination on the instrument panel to make it more visible. This is especially helpful when your eyes are trying to recover from the glare of oncoming traffic making it difficult to see the instruments.

4) Keep headlights clean and properly adjusted. Do not overdrive your headlights causing you to come up on objects, turns, or vehicles before they are in the beams of your headlights.

5) Look to the lower right side of the road when there is oncoming traffic. This will help to avoid the temporary visual impairment while your eyes recover from the headlight glare of oncoming traffic.

6) Position outside mirrors so the headlights of following vehicles are not directed in your eyes. Be considerate of your co-rider as well. Check with your co-rider to make sure that the mirror adjustment does not leave them with headlight glare.

7) If you are 60 or older, see an optometrist or ophthalmologist every year to check for conditions associated with aging.

Mature Riders (cont'd)

8) Bifocals may be necessary for riding to read the dashboard instrument if your “near” reading distance is more than 30 inches.

9) Know the drug (medication) side effects on your vision before riding. Consult your healthcare provider for ways to compensate for any effects medication may have on your vision.

We will discuss some other items in next month’s article that hopefully will make our rides safer and more enjoyable.

Ride Safe – Have Fun!

What is MAP?

Sherry Smith

Motorist Awareness Coordinator

With the riding season upon us, I thought it might be a good idea to remind us all what the Motorist Awareness Program is.....

Submitted by Sherry Smith, Motorist Awareness Coordinator, CO-L

A New Era in Motorist Awareness - A Simple Plan...

The Motorist Awareness Division of GWRRA, through a “Share the Road” campaign will pursue three aspects of motorist awareness. Each of these three is supportive of each other:

Awareness Education - Providing motorists with First Class, professional education through our certified seminar presentations. Our presentations will be developed for a multitude of audiences, educating them to a better understanding of motorcyclists, the risks involved, a heightened awareness of motorcycle presence and what they as motorists can do in the prevention of crashes. **"Drive Aware!"**

Awareness Advertisement - Serves as a reminder to motorists that they share the road with motorcycles. Reinforced reminder to the education aspect. Accomplished through public service announcements, handout literature, and visual aids.

Public Relations - Interaction with the motoring public has the ability to reflect highly on GWRRA and to help mold public opinion on how they view motorcyclists. Our goal in this area is to build a rapport with motorists and leave them with a feeling that motorcyclists are real people who could be their friend, neighbor, or even a relative.

The following excerpt was borrowed from the MAD page of Indiana District's web site:

“Few of us could have foreseen the increased hazards imposed on motorcyclists in the past five years. Competition for road space is often fierce, especially during rush hours or on busy interstates and streets. Vehicle operators are more distracted than any of us could have imagined with cellular telephones, concentration on talk radio shows, and stereo systems so loud, outside noise is completely shut out of the inner sanctum within their vehicle. In our judgment, we have crossed into a new era that will need the cooperation of all highway users to cope with our modern-day traffic congestion. It is time to expand our focus beyond just our own Member/Riders and Co-Riders. It is time to take an active role in helping to educate other highway users that motorcycles and trikes share the road with them every day.”

Drive Aware!

Practicing for Retirement

Becky Ackerman

Ride Coordinator

Yes, we're still working on it. Last Monday Mike had the day off, the kids were gone, and the weather was to be pretty nice. We decided to take a ride on the bikes.

Once we were out on I-25 we realized we had a pretty strong headwind out of the south. Had to stop in Colorado Springs as the wind was wreaking havoc with my gas. Once we headed south on 115 we were more protected and the wind was no longer an issue.

In Canon City we stopped for lunch and were finally able to shed some clothes. We rode west on Highway 50 and just past the turnoff for the Royal Gorge, we turned right onto Highway 9 then another right on the road that takes you past the entrance to the Florissant Fossil Beds. That is an awesome stretch of road, winding and climbing and when you finally pop up over the last climb, the view of the west side of Pikes Peak is beautiful.

The road then winds through large, grassy meadows with grazing cattle on both sides of the road.

By now we should have had a tailwind, right? Guess again! It changed and by now was a side wind, straight out of the west.

This road took us to Highway 24 at Florissant where we turned back east to Woodland Park. From there we headed north on Highway 67 past Deckers and on to 285 back to C470 and home.

What a great ride! We were gone 7 hours and rode 315 miles from our house. What did we learn from this? Riding on the weekdays is so much more enjoyable when everyone else is at work. Look out retirement, here we come!

Hawaiian Sunset Cake

Becky Ackerman

Dessert Maker Extraordinaire

Editor's Note: If you ate some of this cake, you know what I mean!

At our fundraiser there was a lot of interest in my Hawaiian Sunset Cake so here's the recipe. Enjoy!

CAKE

- 1 pkg. white or orange cake mix
- 1 sm. box instant vanilla pudding mix
- 1 sm. box orange jello
- 4 eggs
- 1 1/2 cups milk
- 1/2 cup vegetable oil

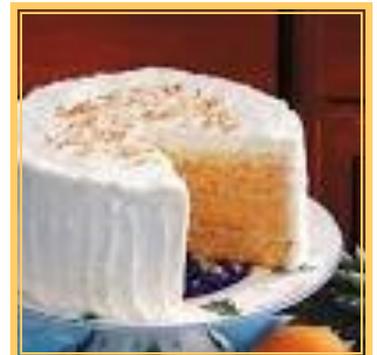

FILLING

- 1 20 oz. can crushed pineapple drained very well
- 2 cups sugar
- 1 10 oz. pkg. flaked coconut
- 1 cup sour cream
- 1 8 oz. carton Cool Whip, thawed
- toasted coconut, optional

Combine first 6 ingredients, mix well. Pour into three greased and floured 9-in. round cake pans. Bake at 350° for 25-30 minutes or until a toothpick inserted near the center comes out clean. Cool for 10 minutes before removing from pans to wire racks to cool completely.

In a bowl, combine pineapple, sugar, coconut and sour cream. Remove one cup of this mixture to another bowl and set aside. Place one cake on a serving plate and top with a third of the remaining pineapple mixture. Repeat layers twice. Fold Cool Whip into the reserved pineapple mixture. Spread over top and sides of cake. Sprinkle with toasted coconut if desired. Refrigerate.

Makes 12-16 servings.

Becky's cake was prettier!
But, you get the idea, right?

Chapter L Fundraiser Report

By Fred Fisher

As I said earlier; THANK YOU! Thanks again to all that attended the March 28th Chapter L Fundraiser.

We pre-sold about 70 tickets and had 75 people show up. A great turn out! Of course, the weather was a big help. Morning temperatures in the mid 50 degree area lead to a nice riding day that showed with a large group of bikes out in the parking lot.

Wonderful food prepared by Linda Fisher and Ron Evers, and expertly served and assisted by Laura Hudson, Sherry Smith, and David and Gay Redline in the kitchen. Great job people!!

As usual, we had a large group of Chapter L people show up early to help complete all the last minute details. Mike and Becky Ackerman, Steve and Tami Bender, Ralph Spencer, Andy Smith, Dan and Vicky Kirk, Chuck Bellmyer, Bob and Christine King, Randall and Janet Drake, Mike Hottinger, plus the people listed above were all there to help out. Thanks to you all.

We also had a great group of items contributed for the live auction. I was the official auctioneer. What an absolute great time.

The first time that I have ever seen a box of Girl Scout cookies sell for nearly \$20. Carol Moore from Chapter J was determined to get a box of cookies.... No matter what it cost-thanks to Paul DeBaca!

We even sold all the unclaimed chapter mascots! Mascots for Chapter A, I, and J now have new owners. I guess the chapters will have to negotiate with the new owners to get them back.

Because of how everyone supported us, we were able to raise some much needed funds for the operation of the chapter for the year to come.

We had representatives from Chapters A, E, G, I, J, and a group from Wyoming B. Thanks to all of you for taking the time to come out and support us.

I also want to extend a special thank you and acknowledgment to my wife, Linda. She spent countless hours scheduling, shopping, arranging, selling tickets, cooking, and doing many other things to put this entire event together.... Great Job!

It's all about the Friends, Fun, and Food!

Never Miss a Chance!

Mike Hottinger

Membership Enhancement Coordinator

WOW!!! Can you believe it? The first quarter of the year is over! I hope that you have been able to get your bike out and enjoy some of this nice weather we have been having. Spring is officially here and Rhonda and I have put some good miles on the last few weekends and have enjoyed time with our GWRRA family. It feels so good and relaxing.

I have been riding to work every day possible and it has been refreshing to feel the freedom of the Wing. Our calendars are getting busy with weekend rides, dinner rides, chapter fundraisers and rallies, and by the time you read this, hopefully you got the opportunity to enjoy the Chapter L Fundraiser with us.

Never Miss a Chance! (cont'd)

The Line Up...WY-B 29th Birthday
21 March 2015

Speaking of fundraiser's, there was a great one in Cheyenne, WY for Chapter B's annual birthday celebration. There was a great representation of people from Colorado making the trip up there to celebrate and support them. There were six Colorado chapters represented and I think I heard there was somewhere around 70 people from Colorado there. A group of us met at the I-25/120th Ave Park-n-Ride to start the ride. We left there at 7am with 10 bikes and a couple of 4 wheelers and headed north to meet the Chapter G group at Johnson's Corner. That addition almost doubled the group

with another 9 bikes and another 4-wheeler as we headed out again at 8am. Since it was such a beautiful day there were a lot of bikes in the parking lot. It was a great time with fellow members from Wyoming, Nebraska and Colorado.

I was moved while listening to the recap of the history of WY Chapter B because it seems every year I hear something that makes me sit back and say, "Wow!" You see, we have five chapters in the Denver Metro area alone, so sometimes we don't even think about membership that often. Wyoming has 2 chapters and there are a lot of miles between them so it takes more commitment to visit them. I know, you're asking yourself, "Just where is Mike going with this?" Well, Rich Goetz, Wyoming District Director, asked a very important question. How many of us had talked to people about GWRRA in the last 3 months? Well there were not many hands in the air when that question was asked. What causes that? Maybe we are too busy or distracted with life to say anything or maybe just don't know what to say in the situation.

WY-B 29th Birthday
21 March 2015

Our illustrious District Director, Andy, had some tri-fold GWRRA Membership handouts designed and printed. They are a great tool to have. If you would like to have a few just see me and I will get you some. Our membership gets older every year and we lose some to death and some to disability so we need to be good stewards of GWRRA and share our love for the organization with others we meet. I just met a nice guy from Kansas on his Gold Wing at the gas station in Strasburg. He was on a Black 1800 and we were talking about the bikes. He had been a member in the past but dropped out of contact with his chapter and it seems nobody even reached out after his membership expired so when he realized it expired he decided he did not need it. As we parted ways he decided that if nothing else it is good to be a member for the benefits, the Gold Book and the Wing World. So I guess to wrap up I would like to say to you, "Never miss a chance to talk to a fellow rider, no matter where your paths should cross."

Share the Passion – Hug Someone.

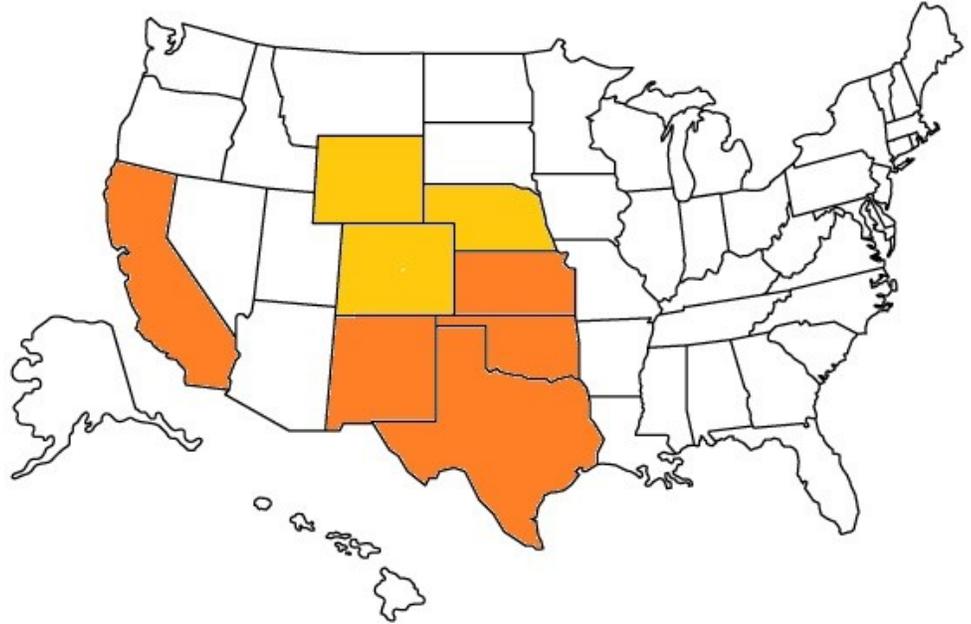

Where has Chapter L Ridden in 2015??

Well, guess we didn't ride that much in March. No new states added to our map in March! Please remember, when you are on your motorcycle, or any one else's motorcycle, in 2015, be sure to report your travels to Fred and Randall.

We have added the following States to our Chapter's 2015 Travel List:

- Jan** CO, NE, WY
- Feb** CA, NM, TX, OK, KS?
- Mar** WHAT? NO STATES?
- Apr** Where to in April?
- May**
- Jun**
- Jul**
- Aug**
- Sep**
- Oct**
- Nov**
- Dec**

The below courses are planned for the event.

Pre-Registration needed by 1 July to ensure the course will be held (we need a minimum of 6 riders for each class to get the instructors) and that your seat in the classes is confirmed.

Advanced Rider Course (ARC) - The ARC is an advanced course for the 2 wheel operator, this course is for the experienced riders and focuses on advanced techniques in maximum braking, cornering and swerving techniques of the rider and co-rider. This is an 8 hour course and has both a classroom and range requirement.
(This meets the requirements for REP Levels)

Cost: \$45.00 per student (1 up) or \$60.00 per couple (2-up) _____ # attending _____ Total \$ Due

Trike Riders Course (TRC) - Focusing on the dynamics of three-wheel riding, the TRC helps Trike riders understand how their vehicle will react in a variety of street/road situations and then test those assumptions on the range. Like all GWRRA Rider Courses, this course also focuses on the braking, cornering and swerving skills of the rider and co-rider. This course has both a classroom and range requirement. *(This meets the requirements for REP Levels)*

Cost: \$45.00 per student (1 up) or \$60.00 per couple (2-up) _____ # attending _____ Total \$ Due

Medic / 1st Aid (CPR + 1st Aid) - This course teaches GWRRA Members - Basic CPR & 1st Aid procedures and involves classroom and includes practical demonstration of skills. We will be providing Initial Certification Training and Renewal Certification Training. *(This or an non-GWRRA equivalent is a required course for maintenance of REP Level 4)*

Cost (Initial or Renewal): \$20.00 per student

- Initial Certification - _____ (Number attending) X (\$20) _____ **Total \$ Due**
- Renewal Certification - _____ (Number attending) X (\$20) _____ **Total \$ Due**

ATTENTION: All GWRRA Members

Iron Buffalo Motorcycle Training is going to put on a special
2nd Annual GOLDWING TRAINING DAY

- Sunday, April 26th will be the BRC2 Course (ARC)
RAIN date, Sunday, May 3rd
There are 24 spots available
- Sunday, April 26th will be the TRC Course (Trike)
Trike class will be held rain or shine
There are 12 spots available. **MUST HAVE** at least 6 trikes to hold the class.
- The Courses will be at Dicks Sporting Goods Park in Commerce City, CO
- Iron Buffalo is giving GWRRA members a discounted price
- Prices for the TRC Class will be \$60.00 minimum suggested donation (normal cost \$134)
- Price for BRC2 Class will be \$60.00 minimum suggested donation (normal cost \$134)
- Iron Buffalo will be giving a donation from the proceeds of these 2 classes to Ride For Kids
- All class participants need to take the written/riding tests so Iron Buffalo can be reimbursed from the State of Colorado

Get registered by calling Iron Buffalo at 303-751-3741 and talk with William, or email: william@ironbuff.org

GWRRA ARC & TRC Training Day
Sunday, April 26, 2015

What time should I be there?

8:45am (2-wheel)

7:45am (Saturday beginner, 3-wheel class)

7:45am (Sunday only class, 3-wheel bikes)

What time does the Training start?

9:00 am (2-wheel)

8:00am (Saturday beginner, 3-wheel class)

8:00am (Sunday only class 3-wheel bikes)

Approx. end times:

3:00pm no lunch break (2-wheel)

5:00pm (Saturday beginner, 3-wheel class)

5:00pm (Sunday only class 3-wheel bikes)

End times will vary upon if people want to take a lunch or not (lunch not normally scheduled for in 2 wheel classes).

3 wheel class times include a lunch break as the class is generally longer.

Each class will have multiple breaks throughout the day.

Riders will be encouraged (in registration email) to bring water/fluids to drink, and snacks to eat to keep their energy up.

If a rider is going to have a passenger, the passenger is also encouraged to make a separate donation to help cover insurance costs.

All riders/passengers have to be wearing the following safety gear:

Sturdy over the ankle boots (hiking is fine, low heel)

Long pants (jeans)

Long sleeves (jacket)

Full fingered gloves

Eye glasses (sun glasses are fine)

Helmet (we provide riders/passengers helmets if needed).

Iron Buffalo strongly encourages the use of 3/4 & full face helmets.

3-wheel class will run rain or shine (bring rain gear).

2-wheel class will only run weather permitting (no rain/ *snow*).

Beginning 3-Wheel Endorsement

If you have any interest in a 3-wheel beginner class we will be hosting one starting Saturday (April 25th) and finishing with the advanced 3-wheel rider class on Sunday (April 26th) for your members that do not have a motorcycle endorsement and need to obtain their 3-wheel endorsement.

A BLAST FROM YOUR PAST!

GWRRA California District Convention

THE 60'S: "AFTER THE SMOKE HAS CLEARED"

September 4-6, 2015

THE LITTLE THINGS MEAN EVERYTHING TO THEM AND TO US!

You guessed it were are going back to The DoubleTree in Bakersfield. Their hospitality and attention to the small details have made our conventions in the past very successful and fun! A warm delicious chocolate chip cookie upon arrival will kick start your stay as we plan to rock and roll in Bakersfield. Yep Bakersfield will be the place to be this Labor Day weekend, with over three hundred of your closest friends. Isn't that what this is all about . . . reconnecting with all or our GWRRA friends?

Located at 3100 Camino Del Rio Court, Bakersfield, they are excited to have us back!

Rooms will be priced at just **\$94.00** a night. (plus tax)

Cut off date to make reservations is **August 15th**, so book early by calling **661-323-7111**.

Rooms are limited and are on a first come first serve basis! We are looking forward to a fabulous time "Sixties Style".
