Benders' Brief **Steve & Tami Bender, Directors**

I am sad to report we have **cancelled our Chili Cook off fundraiser** that was scheduled for October 12th, 2019. If you purchased tickets, please bring them and we will refund money paid for the tickets at each meeting.

September turned out to be a very nice month, weather wise, and now we are into October already. Winter is right around the corner.

We had a nice dinner ride September 18. Five of us met at Jason's Deli. A nice restaurant quiet enough we could talk and they have ice cream.

Our next meeting will be October 7th, social time at 6:30 p.m. and meeting at 7 p.m.

Hope to see ya there.

Red Rocks Report – October 2019

Riding Colorado

By Chuck Bellmyer, Assistant Director

For a number of years now I have been thinking about taking a trip over Cottonwood Pass. It has been a long time since I have gone over the Pass, 47 years to be exact. I was 15 the last time I went over the Pass and I never really noticed the beauty of the area. how rugged and wild it looked from the top. It's somewhat like going over Trail Ridge in Rocky Mountain National Park.

Recently, I took a trip with some old riding friends. We were going to ride the southwest part of the state. I met them in Glenwood and the next morning we were off. We traveled over 800 miles, crossed over eight passes, and had great weather the whole time. It was a nice ride with friends and lots of conversations about past rides. But then.... that's what it's all about.... right?

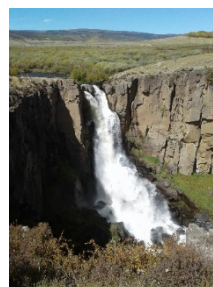

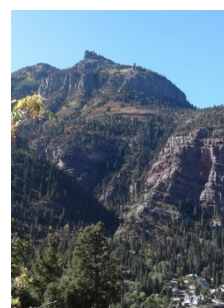

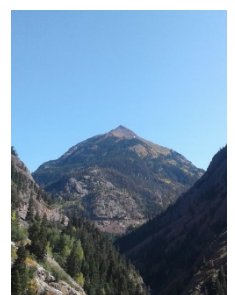

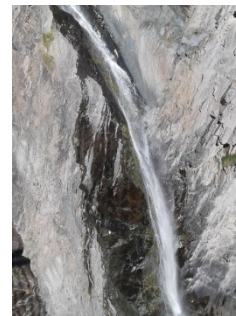

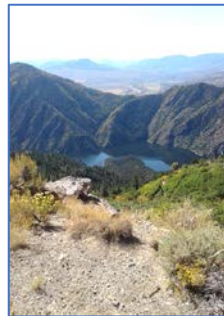

I heard that there were plans to pave the Pass from Buena Vista to Taylor Park Reservoir. So, I started following the progress of the construction. Well, I'm happy to say they are done. What a great job they did! They shortened the route by almost two miles. They improved all the lookout points and when the grasses come in, you may not even know they did any construction at all. At over 12,000 feet, the views from the top are something to see.

The day I went over the Pass was warm but had that hint of fall. The colors were not quite turning yet, but I'm sure the pass will be a hit when everything does change.

The Pass may save a little time getting to Gunnison and you get a view different from going over Monarch Pass. I'm going back over it one more time before winter sets in. Maybe an overnighner.

We will see.

Ride safe!
